DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
2. **Claims 1-32** are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
3. **Claims 1, 6-12, 27-29 and 32** recite the roughness of the apparatus in terms of peaks and valleys but do not indicate the spatial interactions.

Consequently, responsive search could not be conducted and as a result, the claims could not be further treated on their merits.
